

Because First National reminded her
of the good things from the past,
Marcia Stabler wanted us to be a part of her future.

EXCELLENT CUSTOMER SERVICE has been a motivating force in Marcia Stabler's professional life since she started work at 16—and throughout a 20-year career in banking and finance.

So, when she visited First National Bank as a prospective customer, she knew exactly what to look for.

Marcia says, "I loved the personal, old-time feeling that you used to get years ago, when you walked into a bank. But, at FNB, the customer service you receive is above and beyond anything that even I could imagine."

That's when Marcia decided she didn't just want to bank with us; she wanted to work with us, too. Today, she manages our newest branch: in Daphne on Hwy 98.

Come by and let Marcia Stabler show you a little glimpse of the past. We believe you'll want us to be a part of your future, too.

Marcia Stabler
Vice President and
Branch Manager, Daphne Office

Here for You

Where old-fashioned customer service meets the latest banking technology.
